

WILCON AND CLIENT MUTUAL AGREEMENT

Thank you for using Wilcon's 3D Interior Design Software!

Our new software service can provide you with floor plans, 3D presentations and a shopping list. All chosen items can be printed with the relevant quantities and pricing.

Please be advised that the copyright ownership of the design belongs solely to Wilcon Depot INC., but you may choose to modify the design. Any additional minor alterations for up to (4) times (such as color scheme, dimension change) will incur a charge. Downloading the file via USB is discouraged, but you may opt to save the file in our archives where it may be stored up to a maximum period of 90 days from the date of creation. You may also opt to request a soft copy via e-mail with the same fixed fee, which can be used to offset your future purchases.

The file may be printed on two slides per page with four views. Re-printing of the same slides will incur a per page print out fee.

I agree to above terms and conditions.
